Chapter 1 by Isabela Comeaux

He pulled me down on to my bed! Then out of nowhere Baxter came to save me! "Leave her alone Deumus!" He yelled as his horns start to get bigger with his anger.

But Deumus only laughed and said out of humor, "No, you think it is that easy", then his voice got louder and serious, "If you try to take her from me I will kill her and you!!" Then he looked at how wounded I was and winked. That's when I knew everything was going to be OK. And also knew it was my time. I started beating Deumus up and got up.

"Get off me !" he yelled. Then he got his gun. Then he pointed the gun at me far behind but instead of shooting at me he shot at Baxter. Baxter took a bullet for me! I thought.

"No!" I yelled as I ran to him, "You're going to be OK," I said stuttering.

"It's not your fault Ariel!" He told me. When I looked back to see if Deumus was there, but he was gone. The last time I saw Baxter was him going into the hospital bleeding everywhere. And Deumus never to be found!

It's been a few months after Baxter died. I haven't been around because I was too sad. I never since he died. Liam and Jack haven't been around because they were too sad. One day I heard a knock on the door. It was Liam and Jack, "OMG I have found Deumus!"

"I know,sorry," they said.Their clothes were drenched in oil and dirt.

"What happened to you guys?" I asked.

"Let's just say we were doing dirty work," Liam replied. I went to go get Dove soap and towels.Then I let them in.

"We need to tell you something very major," they both said seriously, "we know it's been hard without Baxter around but we can't help you anymore."

I said furiously,"WHAT!"

"Take her boys," the commander said.

"No!" I yelled having my hands cuffed."Sorry Lori," they said but they didn't need to say sorry, I understood why they were doing this to me.Its for the best for me,Liam,and Jake. Why don't they just kill me? Do they need me for a war that's coming? I thought, because I am most certainly not going to help them I am on the demons side not theirs.They must be desperate if they need me. But it's not happening,because I know exactly what's happening.Know matter what I say or do won't help.

But I keep trying,"let me go!"

The commander said,"Saying that doesn't make your case any better," then he yelled,"so fucking shut up!"When we got to the guardian clouds.

They threw me into a cell box. And put me in raggy clothes. "Just kill me already isn't that why you brought me here! I am the dark angel!"

"No! Then we would of killed you along time ago!" He yelled not trying to laugh of what I said ;"you know exactly why we brought you here,don't play dumb." Then why did they put me here? Did someone frame me?, I thought,I need to know. Then they closed the cellar door. Before he left saying, "This is not over.Use your options wisely."

What options? My only options are to fight or to run. What options do I have? I thought hard and strong about it. Until I heard a voice. "It's hard to feel unwanted right?No one understands you?"

But I just thought it was my head playing with me. Then I heard the voice again, "Doesn't it hurt?! Answer my fucking questions!"

Then I realized the person was real,"It does hurt. I just want to tear this place apart and show them who I really am!"

"What they are,are assholes that's what they are not us we are the good ones! Right?"The mysteries voice asked.But I didn't know how to answer that question.

"Before my 16 birthday I would always think I am going to be just like my parents,and be their little hero," tears started going down my rosy cheeks and kept talking screaming in my head,"to make them happy,show them I care about guardians." Then she looked at me,her face was bruised and drenched in dried blood.I wanted to ask what happened to her but I was too scared what her answer was going to be.

It felt like she read my mind because she said, "They gave me a few slashes,but if you obey them nothing will happen to you."I didn't say anything but, I looked at her scared looking. Not knowing what to say to her.Just thinking about it makes me sick.But I am the Dark Angel I could anything to the Commander, I thought,I end this what every it takes.

"How did you get in jail?" I inquired, looking even more worried than ever of what her response was going to be.

Then she replied,"I live with Hades," when she said that I was thinking,No she can't be living with Hades,but then she looked at me serious and nodded,then I thought this world is crazy,"and I got into some trouble,but I don't want to talk about it."

"But why?I won't tell anybody," then I looked at her smiling.

"I just don't," I could hear her voice get louder but I would risk it.

"Come on."

"No!" Her voice was at least up to me,I needed to know why she won't tell me.What is she scared of? Then the guards came and took her. But I where I have all these questions and I need to find out.
